

TT Crew Temporary Pass

User Manual

This application is used to submit temporary pass requests for TT crew members and to review existing requests.

1. Before you begin

- Confirm that the correct location is shown in the form.
- Keep the crew member's mobile number, government ID, and licence details ready.
- Use the same spelling for Vendor, Crew Name, and TT No as the supporting records whenever possible.
- Users can submit requests; authorized users can approve daily attendance for an existing request. Master Data is available to administrators.

2. Start a request

1. Open **TT Crew Temporary Pass** from Application Dashboard.
2. Select the **Crew Type**: Driver or Helper. The licence number is required for Drivers and disabled for Helpers.
3. Select an **existing Vendor** or type a **new Vendor name**.
4. Select or type the **Crew Name**. Suggestions depend on the selected Vendor.
5. Select or type the **TT No**. Spaces are removed automatically.
6. Enter a **10-digit Mobile No** and the **ID Proof No**.
7. Select **Request From** and **Request To** dates. The end date must be the same as or later than the start date.

3. Upload documents

Upload a PDF or image up to 30 MB for each applicable document:

- Request Letter
- ID Proof
- Driving Licence Front
- Driving Licence Back
- Additional Doc

Use **Choose File** to select a file from the device, or the camera button to capture an image. The file name appears below each button. Replace a selected file by choosing another file in the same slot.

6. Master data

Administrators can open **TT Crew Master Data** to review the crew information used by the form suggestions. When a new Vendor or crew member is entered, the application can save the master record after a successful request.

7. Common issues

- Use exactly 10 digits for Mobile No.
- All required fields must be completed before submission.
- Only PDF, PNG, JPEG, JPG, and WEBP files up to 30 MB are accepted.
- Use a clear image and avoid rotating or cropping out ID details.
- If a document is missing, upload it again and submit the request.
- If a duplicate request warning appears, search the Existing Request table and request today's approval instead.
